GENERAL INFORMATION

Our aim is to do our very best to help you. Please read the following information to help us.

Information and Pricing

The information and prices in this document are believed to be accurate, however, we cannot accept liability for any errors or omissions. If you find an error please let us know.

Placing Orders

We are able to accept orders by Phone, Email or Post. We strongly advise customers to use Email and keep a copy of the order. Our contact details for ordering are as follows:

Tel: 023 8077 1004 Email: sales@mittchellsworktops.co.uk

Please do not email orders to specific employees. The above address is always monitored.

Order Confirmations

Order confirmations are sent by email in .pdf format by default. Please check the details, quantities and dates are all correct and notify us immediately if not. *We all make mistakes occasionally!*

Deliveries

The majority of deliveries are made on our own vehicles, normally within 48 - 72 hours of ordering. We have fixed days for deliveries to all the areas we cover and in the majority of cases we will be able to offer a twice weekly service. Most deliveries are free of charge to the account holders address. Customers outside of our normal delivery area please contact us. Our normal delivery area is shown on our website.

Site Deliveries

Site deliveries are usually free of charge if the order value is over £300 + VAT. We reserve the right to charge for site deliveries if the value of goods is less than this, or if the delivery address is out of our delivery area. Please ensure that there is someone on site willing and able to assist the driver with unloading. If we are unable to deliver due to lack of access or assistance etc. we will charge for a re-delivery. You must make all the delivery arrangements with your clients, we will not enter into direct discussions with them.

Please provide the full delivery address including the postcode and a site contact name and number. Our driver will call ahead with an approximate delivery time. Please do not phone the office for this information.

Returns Policy

In the event that you need to return goods (or have us collect them) then we must insist that they are still in a saleable condition and in their original packaging. We can only take goods back if they are current items. Bespoke goods cannot be returned. We will check the goods back at our warehouse and assuming that they are OK a credit will be raised. Any replacement goods will be treated as a new order and we will invoice you for them. We do not issue free replacements.

Re-Stocking Charges

If you return goods that we have ordered in for you from our suppliers, we will attempt to return them to our supplier and pass on their re-stocking charge. As a general rule a 25% handling charge is applied for most items but some suppliers charge significantly more. Items that we have supplied from our own stock will be returned to our stock. A restocking charge will be applied in every case unless specifically agreed by a Director.

Goods for display

Most manufacturers offer additional discounts for goods used on display, and we can usually make a contribution too. Each of our suppliers has their own rules, so please contact us with your requirements. Some suppliers may require photographic evidence that the products purchased have been used for display.

Prices include a 5% manufacturer's price increase and 3% energy surcharge due to ongoing events in the Middle East

Mitchells Worktops

Laminate – Solid Wood – Solid Surface
Shower Panels – Sinks & Taps

Terms and conditions of sale

"Mitchells Worktops" is a trading name of Mitchells (Millbrook) Ltd. hereinafter referred to as "the company". The person, firm or company placing the order or otherwise dealing with the company shall be referred to as "the customer".

PRICES

Price lists supplied by the company are suggested retail exclusive of VAT and carriage charges unless otherwise stated, and are subject to variation at any time without notice. Discount terms agreed with the customer will be applied at the point of sale. The company reserves the right to adjust the price or discount if the quantity specified is amended.

Quotations for specific requirements are net and are valid for 30 days unless otherwise stated.

DELIVERY

The company will deliver goods to the customer at the address specified at the time of placing the order providing the address is within the company's normal delivery area. The company may make a charge for delivery at its discretion. It is the responsibility of the customer to ensure that someone able bodied is in attendance at the delivery site to assist with unloading. Deliveries outside of the company's normal delivery area can usually be accommodated by utilising a third party specialist carrier at the customer's expense. The company will not be liable for any costs incurred by the customer for deliveries not made on the day or date agreed at the time the order was placed. Failed deliveries may be subject to redelivery costs depending on circumstances

RETURNS

Any goods returned to the company must be in a saleable condition and will be subject to inspection by the company before any credit is issued. A re-stocking charge will be applied by the company. This will be a percentage of the value of the goods returned.

PAYMENT

Unless specifically agreed and confirmed in writing, credit account customers must pay the full price of the goods (including VAT and delivery charges if applicable) by the last day of the month following the month in which the goods are despatched. Disputes and outstanding credit notes do not convey the right to withhold payment of any monies due. Failure to comply with the company's payment terms may result in temporary or permanent withdrawal of the customer's account. Customers without a credit account must pay for the goods in full (including VAT and delivery charges if applicable) and the funds must be cleared prior to despatch. The company may permit payment to be made "cash on delivery" at its discretion.

OWNERSHIP

All goods supplied by the company to the customer shall remain the property of the company until all sums due to the company from the customer, whether or not in respect of such goods, have been paid in full. The risk for any goods supplied by the company to the customer shall transfer to the customer upon delivery.

THE CUSTOMER'S MATERIALS

Where it is agreed that the customer shall supply materials for the manufacture of goods by the company, such supply shall be in sufficient quantities to allow for manufacturing losses. The customer must accept the full responsibility for the correct specification, quality, and size of the material supplied to the company. The company shall be under no liability where such materials are of the incorrect specification, quality or size.

GUARANTEES

The company will, at its discretion, repair or refund the price of any goods manufactured by the company should they prove to be or have become defective due to faulty material or workmanship within a period of 6 months of supply to the customer. Goods supplied, but not manufactured by the company are covered by the manufacturer's warranty where applicable. The company will not accept any costs incurred by the customer for the installation or removal of defective goods.

These terms and conditions shall be subject to and construed in accordance with English Law. Nothing in these terms and conditions shall affect the statutory rights of the customer who in relation to the company "deals as consumer" as defined in section 12 of the Unfair Contracts Act 1977 or any amendment or modification thereof.

60mm thick made from 2 x 30mm thick
boards bonded together

Many things are possible in solid wood that cannot be replicated using other materials. Some of these things haven't been designed yet. If you have a concept that you would like us to quote for please share your ideas, but remember that wood moves and needs to be fitted and supported correctly to avoid bowing, sagging and other associated problems.
